Coffee

Indonesia is globally known for its premium coffee, grown in fertile volcanic soil with unique flavors and rich aroma. We bring authentic Indonesian coffee directly from farmers to the international market.

✦ Global Trade International LLC brings the rich aroma and authentic flavor of Indonesian coffee to the world, combining tradition, quality, and sustainability.

Green Beans Coffee Luwak

A rare specialty coffee produced through natural fermentation by civets, resulting in a smooth taste, unique aroma, and exclusive character. Perfect for premium coffee lovers.

Green Beans Arabica

Known for its smooth body, balanced acidity, and floral aroma. An excellent choice for specialty coffee enthusiasts.

Green Beans Robusta

Strong and bold flavor with a higher caffeine content. Ideal for those who enjoy a powerful boost in every cup.
