PRESS FELT

Writing & Printing Paper Series

Application

All types of Writing & Printing paper making machines, Fine Paper etc.

Product Support

Length: up to 140 Meter
Machine Deckle: up to 8000mm
Working Speed: up to 1200m/min
Gsm range: 1000-1900 gsm
Air permeability: 40-90CFM

Customized Design

We design the press felt as per the machine data from customer to guarantee the good performance and quality.

Packaging and Media Paper Series

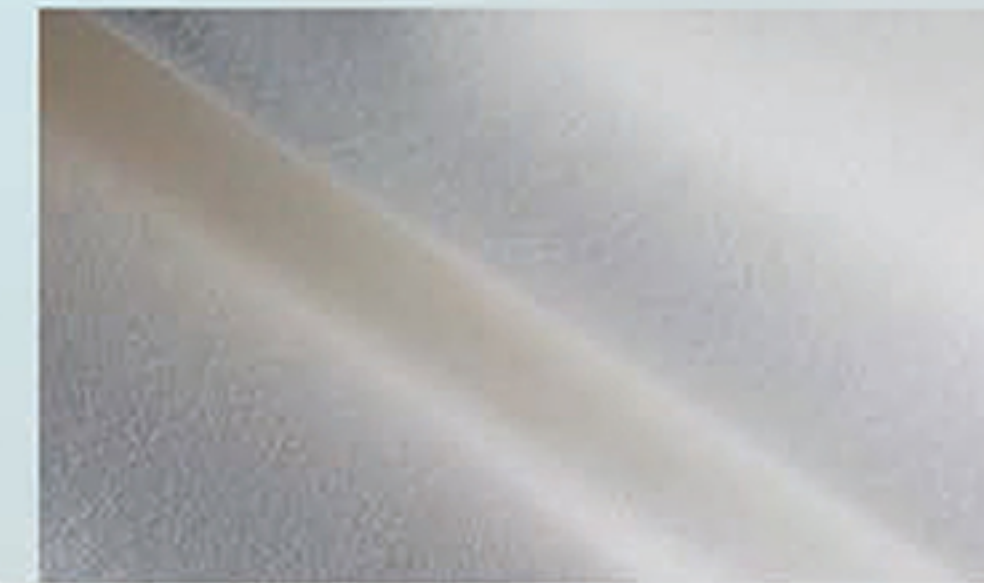

Application

All types of packaging paper covering Kraft paper, Kraft Liner, Media paper etc.,

Product Support

Length: up to 140 meter
Machine Deckle: up to 8000mm
Working Speed: up to 1200m/min
Gsm range: 800-2400gsm
Air permeability: 45-100 CFM

High Linear Pressure, smooth surface, Long service life

Technology Creating The Value

Address: Sharjah Media City (Shams), Al Messaned, Al Bataeh, Sharjah, United Arab Emirates

FORMING FABRICS

Quality Wins Trust

Triple Layer
Paper Making Forming Fabrics Series

2.5 Layer
Paper Making Forming Fabrics Series

Application

Writing & printing, Media, Kraft linear, packaging paper and special papers etc.

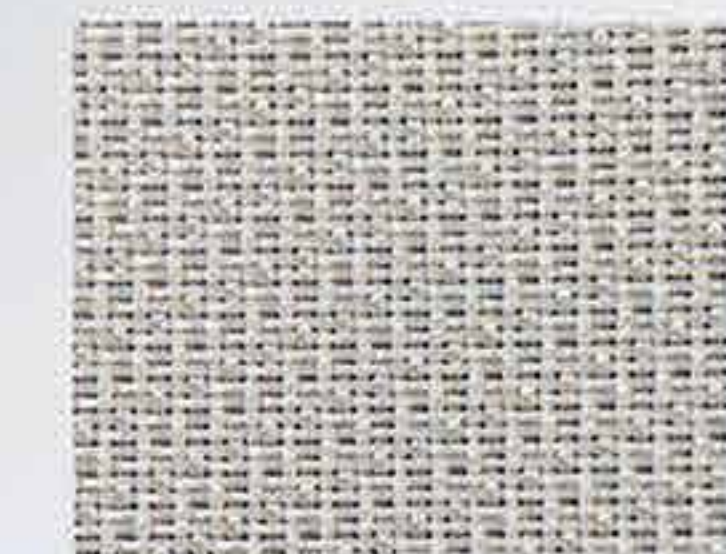

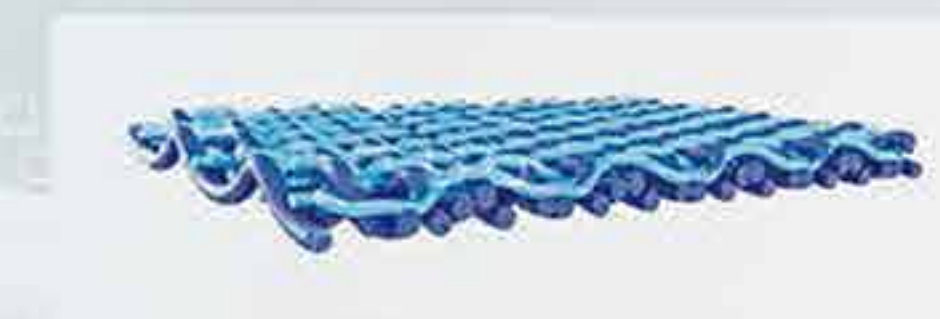

Product Support

Machine Deckle: up to 8000mm

Working Speed: 1500m/min

SINGLE Layer
Paper Making Forming Fabrics Series

Customized Design

We design the press felt as per the machine data from customer to guarantee the good performance and quality

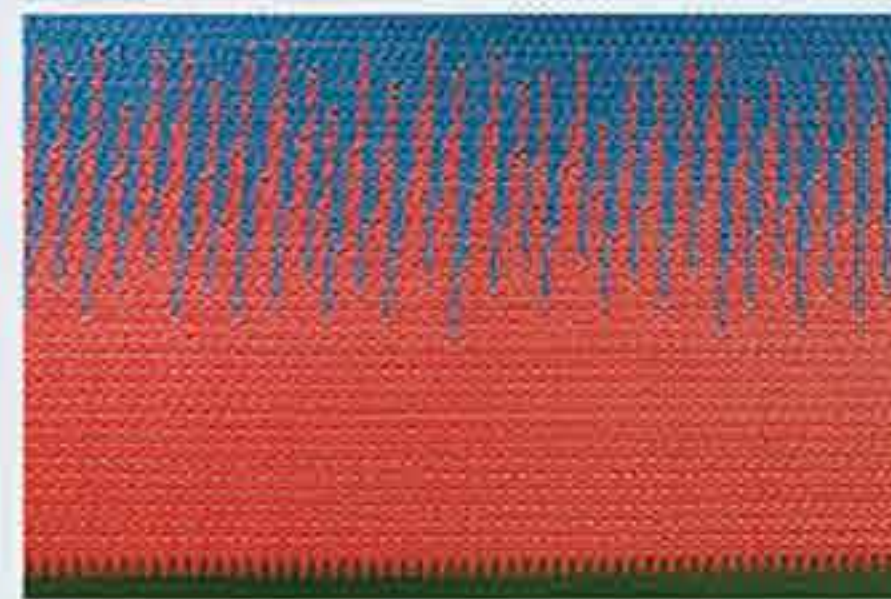

Technology Creating The Value

Address: Sharjah Media City (Shams), Al Messaned, Al Bataeh, Sharjah, United Arab Emirates

Flat Yarn Dryer Screen

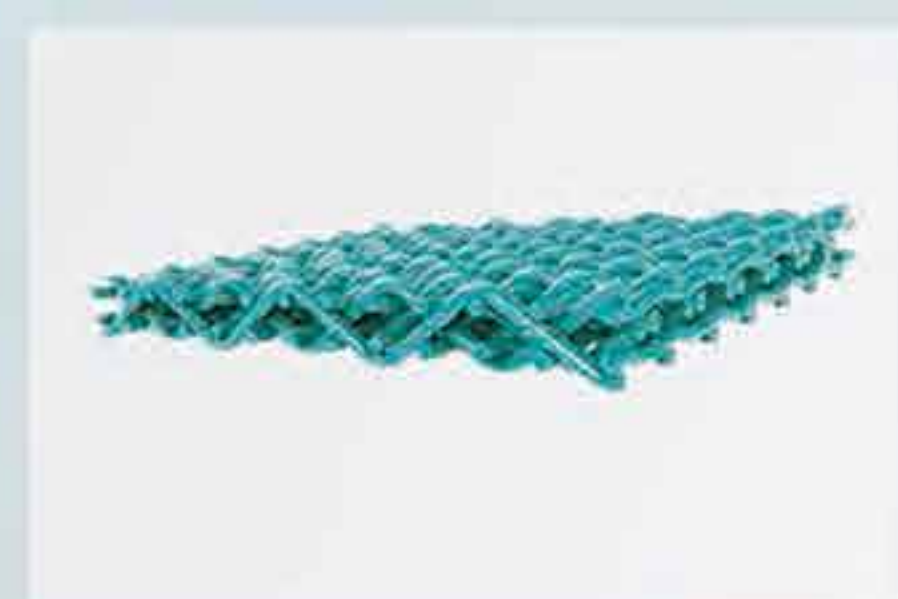

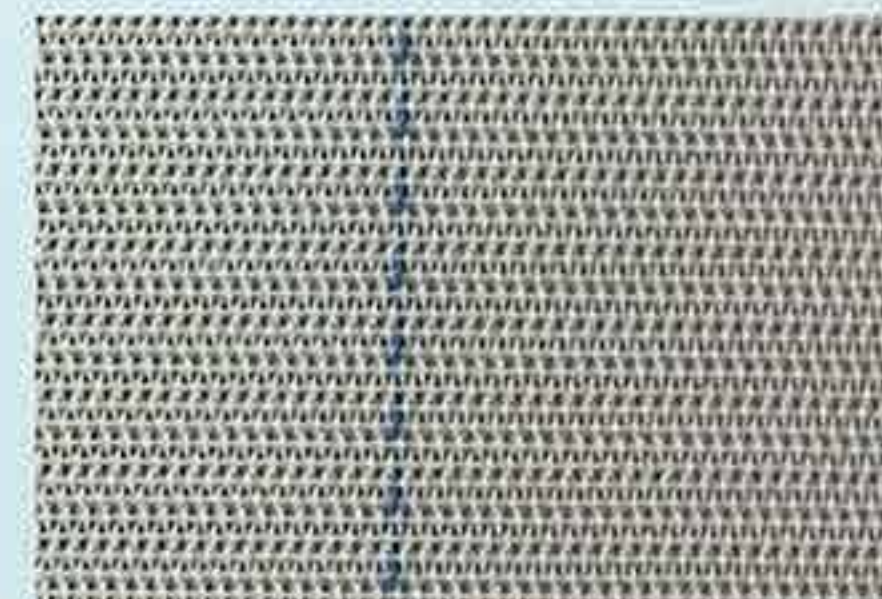

Hydrolysis Resistant

Single Flat Yarn

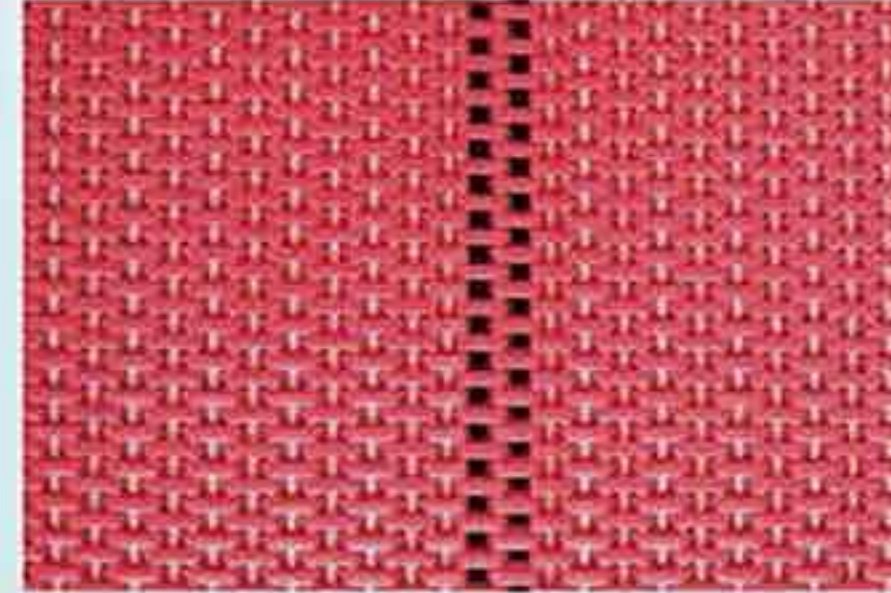

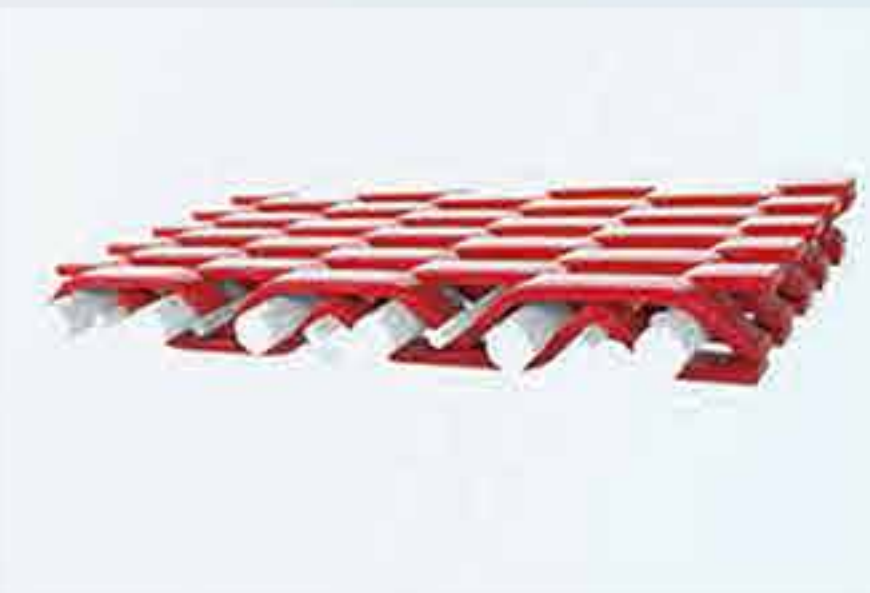

Round Yarn Dryer Screen

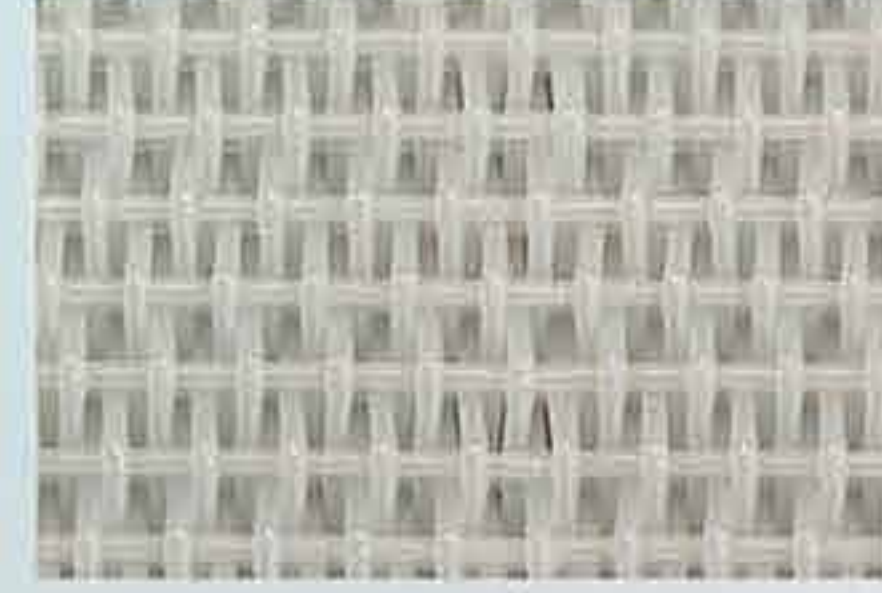

Double Layer Round Yarn

Double Flat Yarn

1.5 Layer Round Yarn

Technology Creating The Value

Quality Wins The Trust

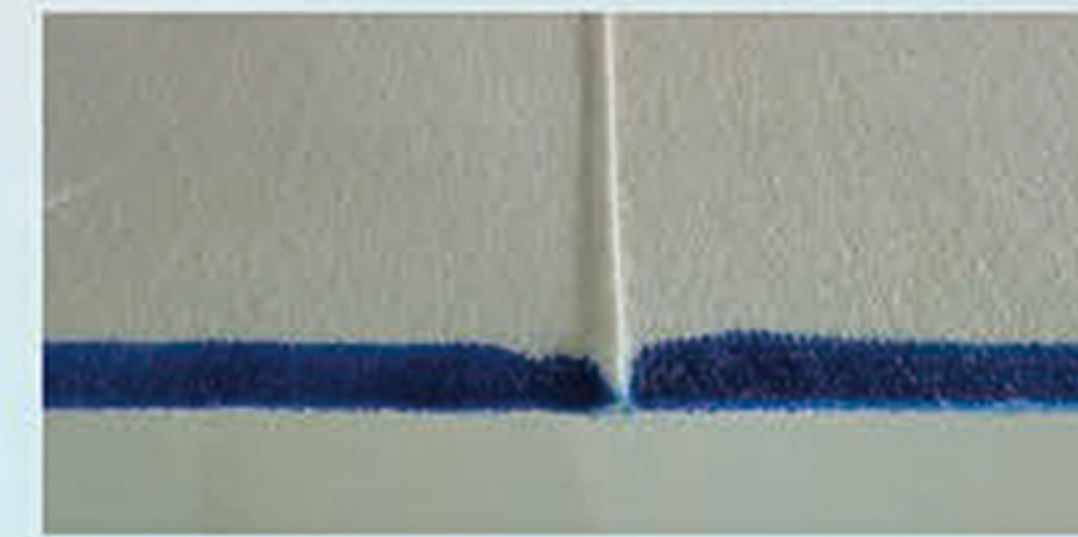

Address: Sharjah Media City (Shams), Al Messaned, Al Bataeh, Sharjah, United Arab Emirates

Technology Creating The Value

Spiral Type Dryer Screen

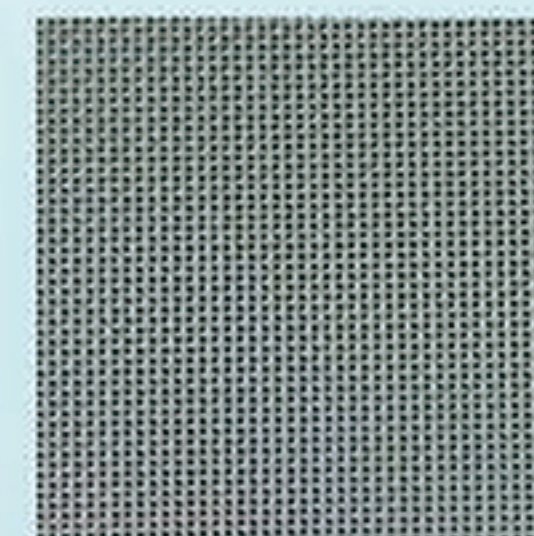

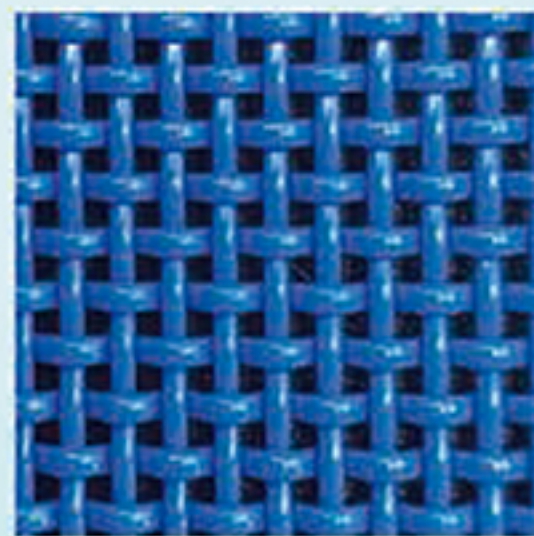

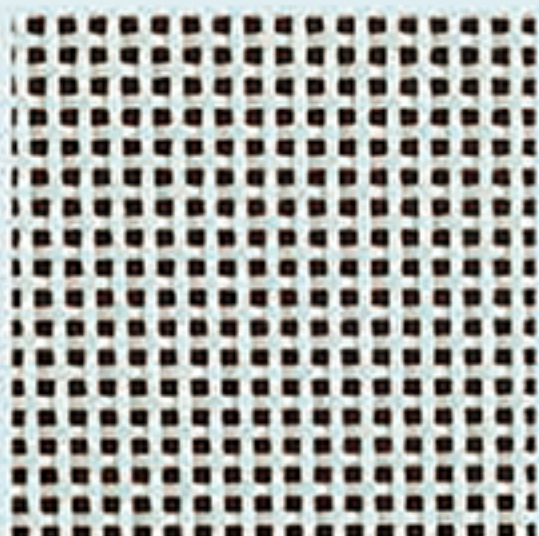

Flocked Dryer Screen

Front Side
FLOCKED DRYER SCREEN

Square Hole Polyether Net

Gsm Range: 1600-1900 gsm

Air Permeability: 150-180 CFM

Caliper: 4-5 mm

Back Side
FLOCKED DRYER SCREEN

Customized Design

We design the press felt as per the machine data from customer to guarantee the good performance and quality

Application

Used for high Cigarette paper, MG tissue paper and high grade writing & printing paper

Address: Sharjah Media City (Shams), Al Messaned, Al Bataeh, Sharjah, United Arab Emirates

Super Calender

Art paper/Glassin paper
Hard roll surface heating
TOP/BOTTOM ROLL NIP CONTROL
Roll self-weight balancing
HYDRAULIC LOADING SYSTEM
PLC control system

CALENDER ROLL

Diameter: up to 800 mm
Roll length: up to 8000 mm
Speed support: up to 1800 m/min
Roll cover hardness: 91±1 Shore D
Hydraulic nip control

BOW ROLL

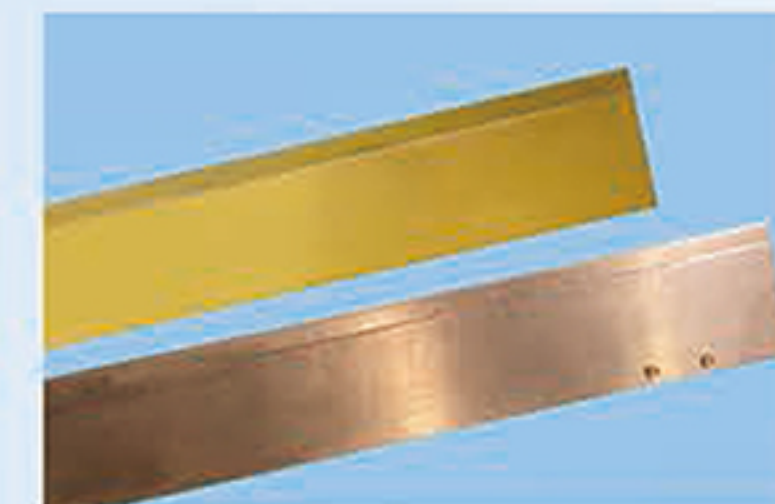

Roll length: up to 8000 mm
Roll cover Teflon coating optional
Speed support: up to 1800 m/min

SPARE PARTS

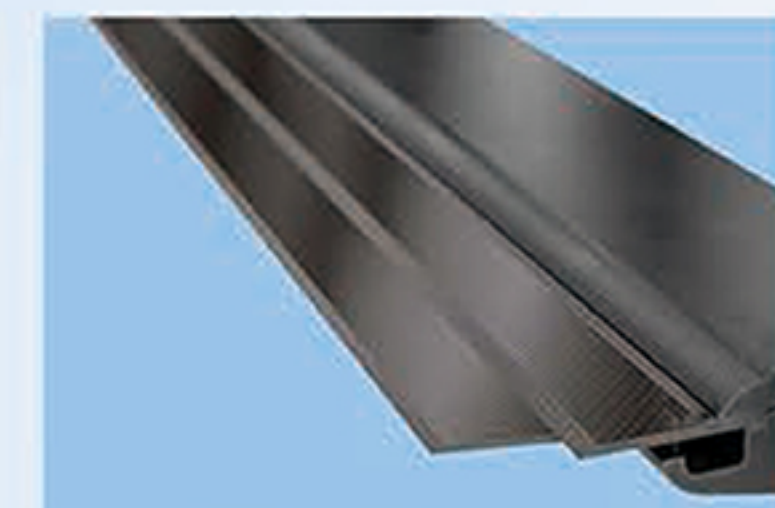

Doctor blade

Application: Dryer/press roll/calender roll/winding drum
Material: EP with glass fiber/bronze alloy
Long service life
Width & thickness: customized

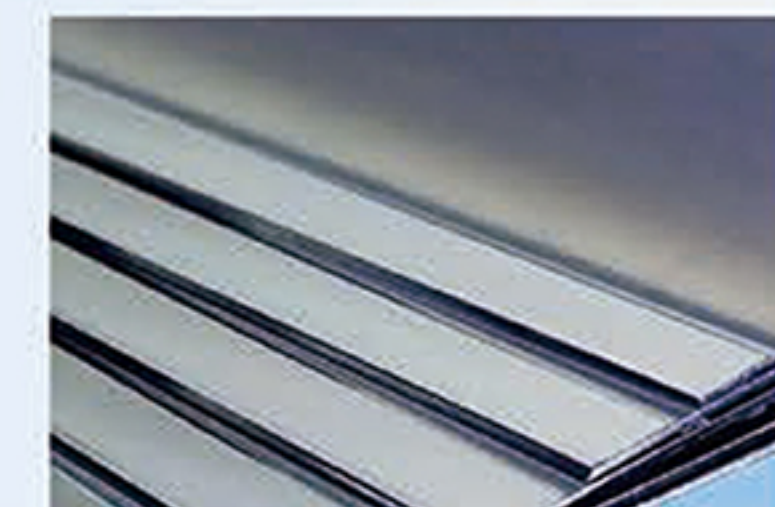

Doctor blade

Application: dryer/press roll/calender roll cleaning
Material: Carbon fiber
Long service life
Width & thickness: customized

Coating blade/Creeping blade

Application: Paper coating, tissue paper creeping
Blade tip: Carbide/ceramic coating
Long service life
Width & thickness: customized

Coating/metering rod

Application: Paper coating/film press sizing
Surface profile: grooved design/plain
Surface treatment: Ceramic/carbide coating
Long service life
Diameter & length: customized

Technology Creating The Value

Quality Wins The Trust

Address: Sharjah Media City (Shams), Al Messaned, Al Bataeh, Sharjah, United Arab Emirates

SPARE PARTS

TRUM CUTTER NOZZLE

CONNECTION: 1/8 BSP

ORIFICE: 0.4/0.5/0.6/0.76 MM ETC.

CORE: CERAMIC/ RUBY

SPRAY NOZZLES

Starch spray nozzle

Felt washing nozzle

Forming wire cleaning nozzle

Industrial spray nozzle

REFINDER DISC

SERIES: DD500/550 /600/600

Material: Special alloy

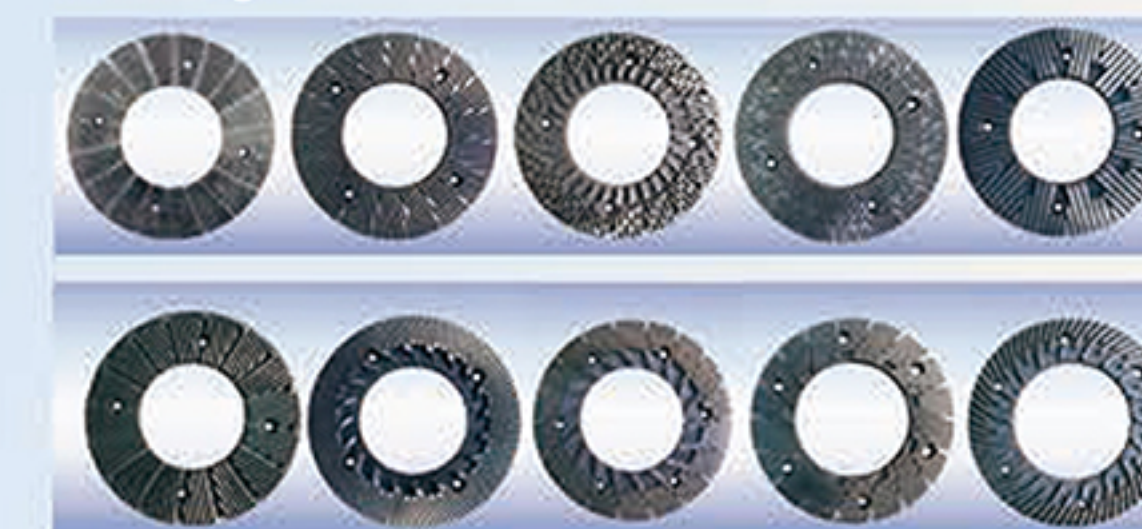

Rib design:

Series: DP450

Material: Niobium cast Iron alloy

Rib Design:

Address: Sharjah Media City (Shams), Al Messaned, Al Bataeh, Sharjah, United Arab Emirates
